Re: Insuladd Puerto Rico

Dear Mrs. Méndez:

After we applied Insuladd on the walls of our Hormigueros Supermarket, we did turn off four (4) air conditioners (A/C) units. They were not longer necessary to maintain the cool temperature. This represents a monthly saving of approximately five thousand (\$5,000.00) dollars on our electric bill.

Sincerely,

Santos Alonso, Jr. CPM, FSM
Vice-President Operations
Mr. Special Supermarkets

Porque tú eres especial.
